Case No. 2:18-mj-411-EJF

**AFFIDAVIT IN SUPPORT OF AN
APPLICATION UNDER RULE 41 FOR A
WARRANT TO SEARCH AND SEIZE**

I, **Allen Christensen** being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search the premises known as **447 South 1000 West, Salt Lake City, Utah**, hereinafter "PREMISES," further described in Attachment A, for the things described in Attachment B.

2. I am a Sergeant with the Salt Lake Airport Police. I have been employed by the Airport Police Department for more than 16 years. I have been working criminal investigations for approximately 7 years of his career, to include being assigned as a full-time Task Force Officer on the FBI Joint Terrorism Task Force (JTTF) for five of those years. I am currently assigned as the Sergeant over the investigations unit for the Airport Police, and have been in my

current position for several months. Along with my current assignment, I am assigned as a part-time Task Force Officer on the FBI JTTF. My assignments on the JTTF include working and investigating cases involving Airport related crimes and crimes of international terrorism. As a Task Force Officer, I am authorized to investigate violations of United States laws and to execute warrants issued under the authority of the United States.

3. The information set forth in this affidavit is based upon my personal knowledge and/or information provided to me by other law enforcement officers working on this case. I have set forth the facts that are necessary to establish probable cause to believe that evidence, fruits, and instrumentalities of violations of Title 18, United States Code, Section 844 are presently located within the property described in Attachment A. This affidavit is intended to show only that there is sufficient probable cause for the requested warrant and does not set forth all of my knowledge about this matter.

PROBABLE CAUSE

4. On July 8, 2018 at about 12:20 a.m., a vehicle fire was observed in the Hertz lot at the Salt Lake International Airport. The affected vehicle was quickly engulfed in flames, and emergency responders were called.

5. Investigation into the events surrounding the start of the fire revealed that on July 8, 2018 at or around 12:10 a.m., a male wearing a long-sleeved plaid shirt, a black hat, light colored pants, and black shoes was captured on security cameras accessing the parking lot leased and operated by Hertz Rent-a-Car carrying two large black bags. The bags appeared to have some weight to them, based on the way that the male was carrying them. The male was filmed walking out of the camera view with the black bags to an area where several rental vehicles were parked unattended.

6. The male was visible again in the camera view walking empty handed back to where his vehicle was parked outside the secured fence. Several minutes later, he was filmed returning to the same area he left the black bags, carrying an unknown object that appeared white in color in his left arm. After several minutes, the male was filmed running from the area of the parked cars carrying the two large bags back to his vehicle. The bags appeared to be lighter based on the way that the male was carrying the bags. Shortly after the male ran from the area, a visible fire was observed and called in to the Salt Lake Airport dispatch.

7. The male drove away from the Hertz area at a high rate of speed towards the gate arms that access the economy lot from the rental car back lot area. The male was filmed pulling a white parking ticket from the machine and when the gate arm raises, the male drove at a high rate of speed toward the Standard Parking pay booth. The male pulled up to lane ten and placed

the ticket in the machine. Multiple cameras in the area clearly show the rear license plate as Utah plate E711VD. ^{which came back to a 2000 Toyota Corolla} Another camera partially shows the male's face but the male observed the camera and attempted to block his face from the camera view. When the gate arm to lane ten opened, the male quickly drove out of the lot and out of the airport.

8. The license plate was checked through UCJIS and the vehicle came back to an individual by the name of EDUARDO HIDALGO FUENZALIDA, date of birth 09-21-1990. FUENZALIDA's Driver's license is Utah DL#176565697. A photo was pulled from the driver's license record and the photo was compared to the security camera footage. Based on the comparison, it was determined that the person in the video is the same person on the driver's license photo.

9. Based on the way the vehicle departed the area of the Hertz back lot, it was suspected that FUENZALIDA was either an active or prior employee of a rental car company. Airport Police Investigators spoke to a representative with GCA, who is contracted by multiple car rental agencies, including Hertz, to shuttle rental cars. The representative was shown the driver's license photo of FUENZALIDA, and the representative stated that FUENZALIDA was a previous employee of GCA. The representative advised that FUENZALIDA was terminated in May 2018 due to a policy violation that involved him taking a rental vehicle home without prior authorization. Documentation regarding FUENZALIDA's termination was provided by the GCA

representative. The information was compared to FUENZALIDA's driver's license information and it was determined to be the same person.

10. SLC Fire crews responded and extinguished the flames, but by the time the flames were extinguished, approximately twenty vehicles were damaged by the flames. The approximate cost of damage was estimated at \$500,000.00.

11. Based on database searches, it has been confirmed that subject FUENZALIDA does in fact reside at the address listed above. Due to the database information, the address has been driven by on multiple occasions to include today's date and the subject's vehicle has been clearly visible at the residence during these checks. The vehicle was identified by the Utah license plate affixed to the front of the vehicle.

12. Based on training and experience it is believed that since the subject was wearing winter style clothing in the heat of the summer night, it would be unusual for him to have disposed of the clothing after the commission of the crime. It is assumed that the clothing will be located at the residence. In my training and experience, it also is not uncommon for other instrumentalities of a crime to be retained in the home or vehicle.

13. The residence is described as a rambler style home with light gray siding on the exterior with white trim. There is a red stained wood fence in the driveway that separates the front of the residence to the rear of the residence.

CONCLUSION

14. I submit that this affidavit supports probable cause for a warrant to search the PREMISES described in Attachment A and seize the items described in Attachment B.

REQUEST FOR SEALING

15. It is respectfully requested that this Court issue an order sealing, until further order of the Court, all papers submitted in support of this application, including the application and search warrant. I believe that sealing this document is necessary because the items and information to be seized are relevant to an ongoing investigation. Based upon my training and experience, I have learned that online criminals actively search for criminal affidavits and search warrants via the Internet, and disseminate them to other online criminals as they deem appropriate, i.e., post them publicly online through the carding forums. Premature disclosure of the contents of this affidavit and related documents may have a significant and negative impact on the investigation,

lead to the destruction of evidence, and jeopardize officer safety.
